

ABONDE ABDULLAHI ENIOLA

Software Engineer | Frontend & Mobile Developer

[Osun, Nigeria] | +234 7035435123 | abdullahiabonde@gmail.com | <https://github.com/eniola-the-dev> | [linkedin.com/in/eniola-abonde](https://www.linkedin.com/in/eniola-abonde)

PROFESSIONAL PROFILE

Software Engineering graduate and full-stack developer experienced in building responsive web and mobile applications with React, React Native, TypeScript and Node.js. Skilled working with databases and APIs, integrating third-party services, and taking products from concept to deployment. Built and deployed multiple real-world projects while developing strong problem-solving and product development skills.

EXPERIENCE

Freelance Software Developer | Self-Employed

[2022 – Present]

- Developed responsive websites and web applications for individuals and small businesses.
- Built cross-platform mobile applications using React Native and Expo.
- Integrated APIs and backend services into web and mobile applications.
- Worked with clients to understand requirements, develop solutions, and deliver functional products.

Software Development Intern | DATA QUOIENT (DQ)

[May, 2025 – Oct, 2025]

- Developed and improved mobile applications using React Native and Expo, gaining hands-on experience in building functional and responsive mobile interfaces.
- Collaborated on software development tasks, strengthened practical programming skills, and gained experience with **Git**, APIs, debugging, and application development workflows.

PROJECTS

SplitBill | Personal Project

[2026]

- Developing a mobile application that helps groups easily split bills and track who owes what, addressing a common everyday payment problem.

UniFyd NG | Personal Project

[2026]

- Designed a marketplace concept for Nigerian university students to buy and sell products within their campus communities.

EDUCATION

B.Sc. Software Engineering | Al-Hikmah University, Ilorin

[2022 – 2026]

- Final Year project: Development of a Blockchain Based Healthcare Record System

AWARDS & CERTIFICATIONS

Associate Certificate in Web Development — University of Ibadan / Climax Systems

[2021]

- Trained in HTML, CSS, JavaScript, PHP, and WordPress.
- Gained foundational experience in web development and website creation.
